CALL FOR PAPERS

The Journal of Applied Computer Science & Technology (JACST) is a peer-reviewed scientific journal published in electronic form as well as print form. The main objective of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of computer Science and Engineering. In this issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring Applied Computer Science and Engineering. Potential topics include, but are not limited to:

- Algorithms and Bioinformatics
- Computer Architecture and Real time Systems
- Database and Data Mining
- Dependable, reliable and autonomic computing
- Distributed and parallel systems & algorithms
- DSP/Image Processing/Pattern Recognition/Multimedia
- Embedded system and software
- Game and software engineering
- Geographical Information Systems/ Global Navigation Satellite Systems (GIS/GNSS)
- Grid and scalable computing
- Intelligent Information & Database Systems
- IT policy and business management
- Mobile and ubiquitous computing
- Modeling and Simulation
- Multimedia systems and services
- Networking and communications
- Parallel and Distributed Systems
- Security and Information Assurance
- Soft Computing (AI, Neural Networks, Fuzzy Systems, etc.)
- Software Engineering
- Web and internet computing
